REPLY TO

ATTN OF: Office of NEPA Policy and Compliance (Yardena Mansoor, 202-586-9326)

SUBJECT: *Directory of Potential Stakeholders for DOE Actions under NEPA: 21st Edition*

TO: DOE NEPA Community

I am pleased to provide you the 21st edition of the *Directory of Potential Stakeholders for DOE Actions under NEPA*, dated July 2004, as an interactive electronic copy on compact disk and instructions for its use. When printing of the *Directory* is completed, we will send you the number of paper copies that you have requested. The stakeholder information in the *Directory* is meant to supplement lists of affected or interested parties that DOE Offices compile for particular projects or facilities.

This 21st edition presents a major innovation designed to make the *Directory* easier to use and more efficient to produce. The disk contains an electronic copy of the *Directory* in pdf format, a data set that includes all of the contact information available in the printed version, and instructions on how to use the data set. The data set allows users to select, copy, and paste information into other applications, such as spreadsheets and word processing, to create mailing lists, letters, or labels. We plan to discuss this innovation and receive feedback at the July 20-21 meeting of the DOE NEPA Community.

We have updated contact information throughout and deleted several listings at the stakeholder's request. In the Federal Agencies section, we have deleted the General Accounting Office. In the Nongovernmental Organizations section, we have deleted Earthjustice, The Izaak Walton League of America, Inc., and Safe Energy Communication Council. Also, at the request of the Alliance for Nuclear Accountability, its member organizations are not highlighted.

The *Directory* is posted at www.eh.doe.gov/nepa/tools/StakeholdersDirectory.pdf. We welcome your questions and suggestions regarding the *Directory*; please direct them to Yardena Mansoor of my staff at 202-586-9326 (fax to 202-586-7031 or e-mail to yardena.mansoor@eh.doe.gov).

PREFACE

The *Directory of Potential Stakeholders for DOE Actions under NEPA* is prepared by the Office of NEPA Policy and Compliance, in consultation with the Offices of Public Affairs and Congressional and Intergovernmental Affairs. The *Directory* is available in three ways: paper copy, compact disk, and on the DOE NEPA Web site at www.eh.doe.gov/nepa/tools/StakeholdersDirectory.pdf.

Among the public involvement provisions of the Council on Environmental Quality regulations implementing NEPA are the following requirements, which are binding on the Department:

- Agencies must ensure that environmental information is available to public officials and citizens before decisions are made and before actions are taken [40 CFR 1500.1(b)].
- Agencies must involve environmental agencies, applicants, and the public, to the extent practicable, in preparing environmental assessments [EAs] and must affirmatively solicit comments on draft environmental impact statements [EISs] from those persons or organizations who may be interested or affected [40 CFR 1501.4(b) and 1503.1(a)(4)].
- Agencies must also provide public notice of NEPA-related hearings, public meetings, and the availability of environmental documents so as to inform those persons and agencies who may be interested or affected and must solicit appropriate information from the public [40 CFR 1506.6(b) and (d)].

To assist Departmental Program and Field Offices to comply with these requirements, this *Directory* includes the following potential stakeholders: Federal Agencies, State NEPA Points of Contact (including State Governor information), Departmental Points of Contact on American Indian Tribal Issues, and Nongovernmental Organizations.

Departmental Offices should exercise judgment in determining which of the listed stakeholders actually are interested in a particular proposed action. Listing in this *Directory* is not meant to imply that the person or organization listed should receive every Departmental NEPA document.

For practical reasons, the *Directory* does not include comprehensive information on local governments or organizations. Rather, the information provided is meant to supplement any lists that Departmental Offices compile for particular projects or facilities.

This 21st edition presents a major innovation designed to make the *Directory* easier to use and more efficient to produce – its availability as an interactive electronic copy on compact disk. The disk contains the *Directory* file in PDF format, a data set that includes all of the contact information available in the *Directory*, and instructions on how to use the data set. The data set allows users to select, copy, and paste into other applications, such as spreadsheets and word processing, to create mailing lists, letters, or labels.

To allow the Department to provide the most useful information products possible, the *Directory* indicates each stakeholder's format preference for Departmental NEPA documents: CD , paper copy , or both CD and paper copy , . Preference for numbers of copies of either format is also noted (e.g., -2).

For the convenience of users, the *Directory* also includes appendices with lists of Departmental NEPA Compliance Officers and Headquarters, Field Office, and Laboratory Public Affairs Directors. All persons in the *Directory*, including those listed in the appendices, are included in the Index located at the end of this *Directory*.

The Office of NEPA Policy and Compliance updates this *Directory* annually in July. Please direct requests for copies, questions, or suggestions to Yardena Mansoor, Office of NEPA Policy and Compliance, at 202-586-9326 (fax 202-586-7031; e-mail: yardena.mansoor@eh.doe.gov).
